MATIERE PREMIERE Hand & Body Line

Independent French fragrance House MATIERE PREMIERE now offers a Hand & Body line for their bestselling fragrances Radical Rose, Parisian Musc, Crystal Saffron, French Flower and Vanilla Powder.

“We have worked on our formulations in order to obtain a textured, natural and silky finish.

I have followed the same approach for these specific olfactive compositions, by highlighting the natural and soft-to-the-touch notes found in our perfumes: the velvety aspect of Radical Rose, the soft petal side of French Flower, the second-skin feeling in Parisian Musc, the comfortable facet of Crystal Saffron, the enveloping and silky of Vanilla Powder, the amber side of Encens Suave, and the creamy facet of Santal Austral”.

Aurélien Guichard, MATIERE PREMIERE Founder and Creative Perfumer

MATIERE PREMIERE’s fragrances are built around one central natural ingredient, used in its highest dosage to create an unparalleled trail scent or “sillage”.

The Hand & Body line contains 88-92% natural ingredients, and is free of silicones, parabens, mineral oils and petrolatum. Just like MATIERE PREMIERE perfumes, the lotion and wash formulas are vegan, phthalates-free and have no colorants.
